DUE FONTANE is Italian for Two Fountains. My legacy is my family. This bottle of wine celebrates our fountains of joy, our two boys. Please enjoy with us and celebrate your joys in life. Salute.

In the glass, deep red garnet hues give way to red and blue fruits gently supported by cedar, sweet tobacco notes. Aromas of dark berries. A rich mouth feel reverberates layers upon layers of red earth complexity, revealing its actual soil type in a glass/sip. The wine showcases a full-bodied, dense concentration and coating the palate with secondary fruits like cassis and blackberries, leather and sweet tobacco, lengthened by firm supporting dry tannins.
